Such interim measures shall not be treated as a final finding of guilt.

14.3.3 Notice to the Student

A student accused of serious or very serious misconduct shall receive written notice of the allegation and shall normally be given at least five working days' notice of the disciplinary hearing.

The notice should state the nature of the allegation sufficiently clearly to enable the student to prepare an explanation.

The student shall have a reasonable opportunity to:

- Appear before the Committee.
- Explain their version of events.
- Respond to the allegations.
- Provide relevant evidence or documents.

The Committee shall consider all relevant information before reaching a decision.

Sanctions shall depend on the nature of the offence, the circumstances, the student's intention, the actual or potential harm caused, previous disciplinary history and any other relevant factor.

14.3.7 Student Discipline Point System and Rewards

SLGTI shall implement a reducing-point system to promote discipline, responsibility, positive behaviour and compliance with the Student Code of Conduct and Honor.

Each student shall initially be allocated **100 discipline points**. Points shall be deducted when misconduct is established in accordance with the applicable disciplinary procedures.

a. Allocation and Deduction of Discipline Points

The following point deductions shall apply:

Category of misconduct	Points deducted
Minor Misconduct	1 point
Serious Misconduct	5 points
Very Serious Misconduct	10 points

The classification of misconduct shall be determined according to the nature and severity of the offence, the circumstances, the harm caused or potential harm and the applicable provisions of this Code.

b. Calculation of Remaining Points

The remaining discipline points shall be calculated by deducting the applicable points for each established misconduct from the student's initial allocation of 100 points for the entire institutional training period.

For example:

- A student found responsible for one minor misconduct shall have 99 points remaining.
- A student found responsible for one serious misconduct shall have 95 points remaining.
- A student found responsible for one very serious misconduct shall have 90 points remaining.

Where a student commits more than one established offence, the applicable deductions shall be cumulative, subject to the approved disciplinary procedure.

The Institute shall maintain an official record of each student's initial points, misconduct findings, deductions, remaining balance and any approved corrections.

c. Recording and Verification

All discipline point deductions shall be supported by an official record identifying the misconduct, its classification, the decision of the authorized disciplinary authority and the corresponding deduction.

Students shall be informed of decisions affecting their discipline points and shall be provided with the opportunity to seek a review or appeal in accordance with applicable SLGTI regulations.

No discipline points shall be deducted solely on the basis of an unverified allegation.

d. Relationship with Disciplinary Sanctions

The discipline point system shall operate alongside the disciplinary procedures and sanctions established under Section 14 of this Code.

Deduction of discipline points shall not automatically replace a written warning, disciplinary warning letter, final disciplinary warning, suspension, expulsion or other sanction that may be imposed under the applicable regulations.

The Institute shall ensure that the points deducted correspond to the established classification of misconduct and that disciplinary decisions are recorded consistently.

e. Student Recognition and Rewards

SLGTI shall establish a recognition and reward system for students who demonstrate exemplary discipline, responsible behaviour, punctuality, respect for others, compliance with institutional rules and a positive contribution to the learning environment.

Students with the highest remaining discipline points shall be considered for recognition and rewards in accordance with criteria approved by SLGTI management.

The recognition system may include certificates of merit, public recognition, awards or other approved incentives.

In determining eligibility for rewards, SLGTI may consider the student's remaining discipline points, conduct throughout the training programme,

attendance, participation in institutional activities and other published eligibility criteria.

The Institute shall establish a transparent procedure for identifying eligible students, verifying their records and approving awards.

f. Administration and Review

The Registrar or another officer designated by the competent SLGTI authority shall maintain or supervise the official discipline point records.

The Institute may periodically review the operation of the system and issue further guidelines on recordkeeping, point calculations, student notifications, rewards and related administrative procedures, provided that such guidelines are consistent with this Code and applicable SLGTI regulations.

15 Interpretation and Amendment

The Branch Principal or an authority duly authorized by SLGTI shall be responsible for interpreting and administering this Code in accordance with applicable SLGTI rules, regulations and the laws of Sri Lanka.

SLGTI may amend this Code from time to time where necessary to improve student discipline, safety, academic integrity, vocational standards or institutional governance.

I understand that compliance with this Code is a condition of my participation in SLGTI training and activities. I agree to comply with the Code, SLGTI rules and regulations, safety requirements and lawful instructions issued by authorized SLGTI personnel.

I further acknowledge that I have been informed of the SLGTI attendance and punctuality requirements, fingerprint attendance recording procedures, approved leave conditions, hostel rental and occupancy regulations, and the student discipline point system.

I understand that failure to comply with these requirements may result in attendance deductions, loss of examination eligibility, hostel-related action or disciplinary sanctions, as applicable under the Student Code of Conduct and Honor and other relevant SLGTI regulations.

I further understand that violations of the Code may result in disciplinary action, including, where appropriate, permanent dismissal from SLGTI and/or referral to the relevant authorities.
